The Seal

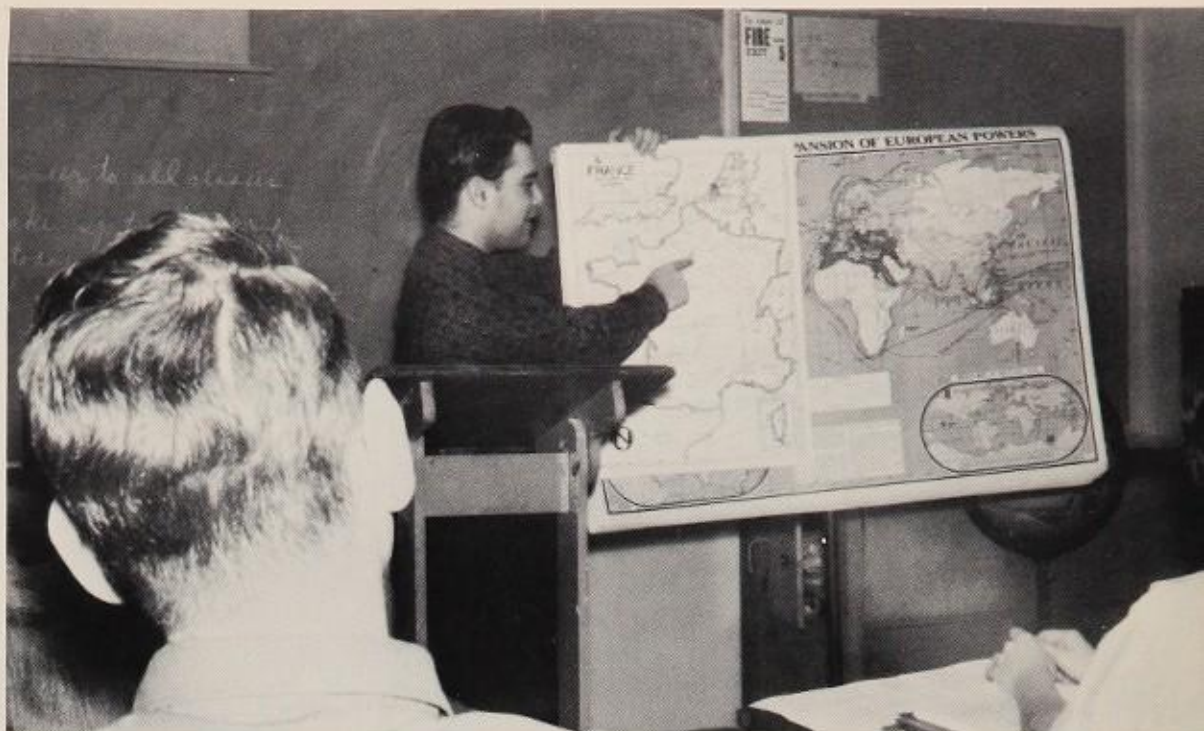

To each student, Blair has its own special significance. Yet the components of Blair life are the same for all regardless of individual interests—the faculty, the honors, the organizations, the sports, and above all other students. Together they compose an atmosphere where one may study, one may learn, one may prepare himself to assume the responsibilities of adulthood.

The SILVERLOGUE staff believes that the Montgomery Blair seal is a symbol of these components which together make Blair what it is. From the seal reflect the various elements which build our minds and characters.

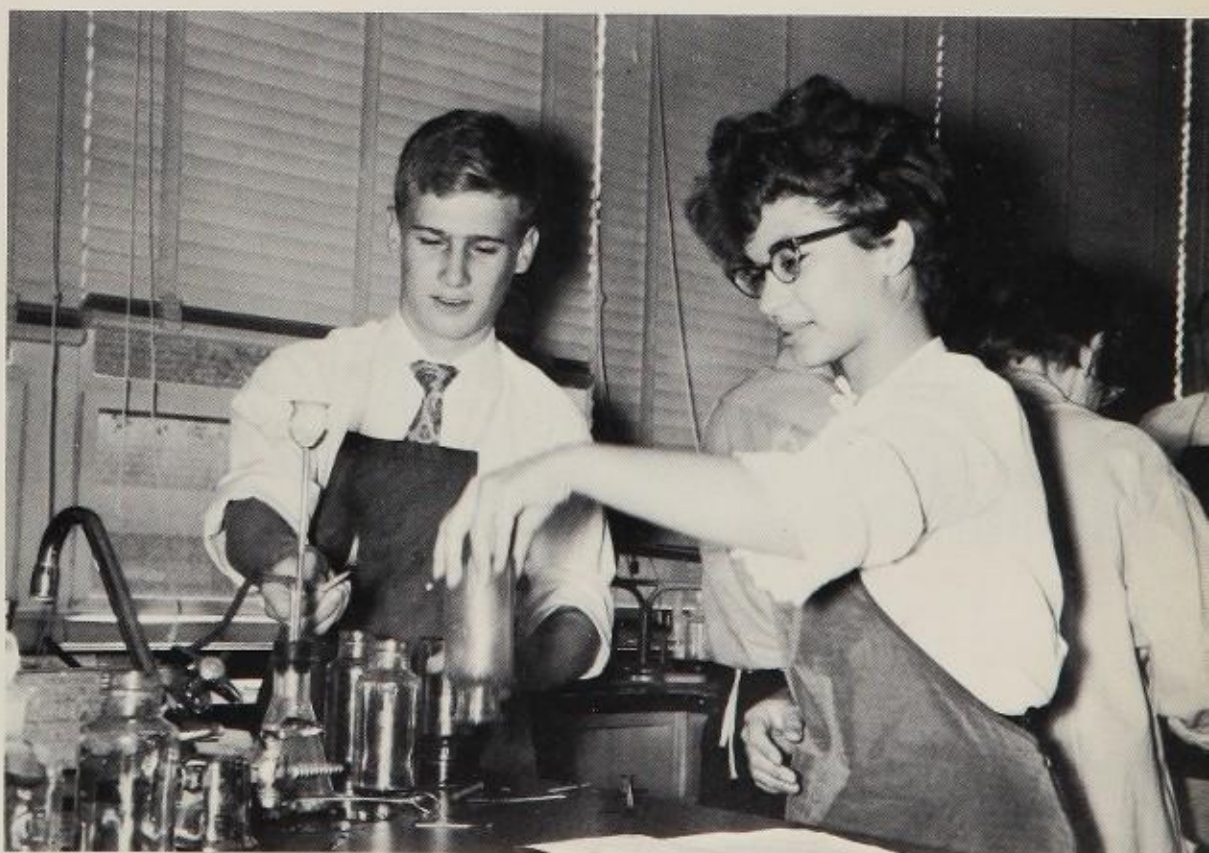

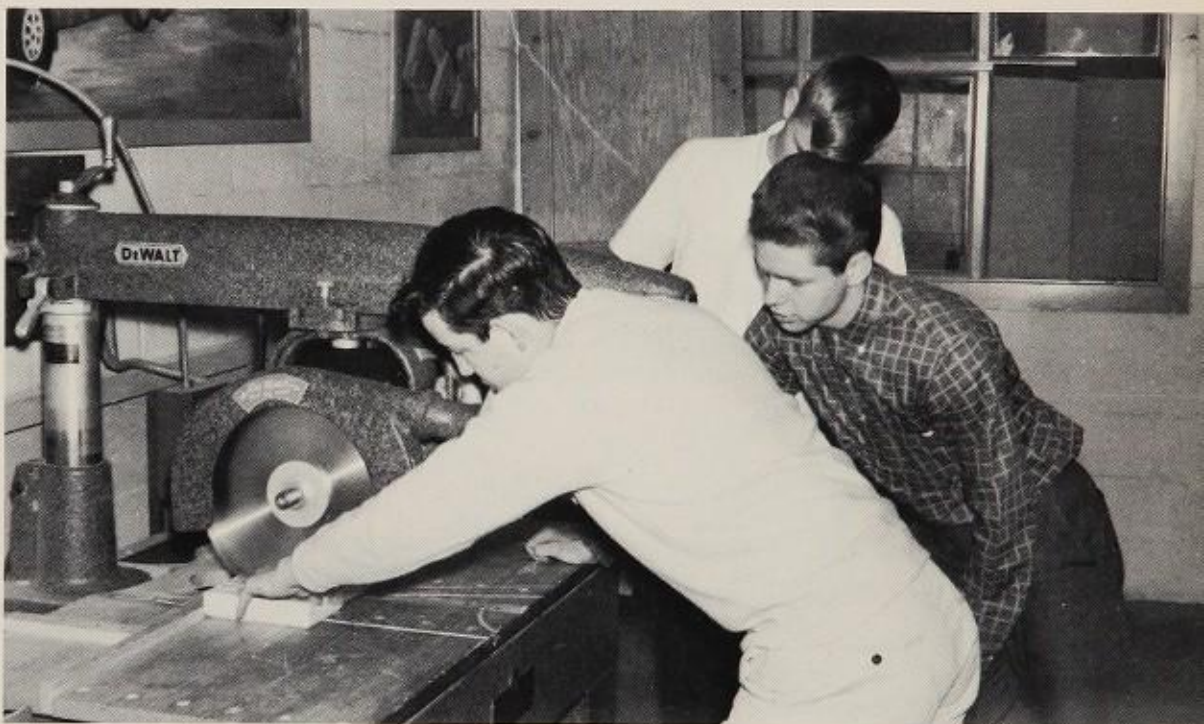

Recognizing that the seal is itself an image of Montgomery Blair, we have chosen it as our 1961-1962 theme. By closely examining each element of the seal, and developing it in the many sections of this yearbook, we feel we have captured the people, events, and achievements of Blair 1961-1962.

The seal represents what Blair offers, its aim, its goal, and its method. To Blairites and to others of the community, the meaning of Blair, the meaning of our three years here, can be interpreted from the seal. The 1961-1962 SILVERLOGUE staff hopes that each student will carefully examine the yearbook, and look for not only the pictures, but also through the seal, study the meaning of Blair.

Though each student may give a personal interpretation to the purpose of Blair, all will agree on one fundamental concept—we are here to learn. Symbolic of this learning are the helmet and the lamp on the Montgomery Blair seal. The helmet reflects the guidance and leadership of the faculty and administration who impart the quality and ideals of learning. The lamp symbolizes student accomplishments through diligent study, serious thoughts and extensive research.

These elements of the seal are of the greatest importance to our school, for Blair is a place to expand the scope of our knowledge and the quality of our intellect.

The Helmet and Lamp: Symbols of Learning

MONTGOMERY BLAIR HIGH SCHOOL

The quality of an educational institution is largely determined by the caliber of its faculty and administration. Blair was fortunate that its teachers and administrators possessed the wisdom and experience to create a necessary learning atmosphere. These adults were entrusted with a great responsibility—to influence and direct youth. Their dedicated efforts for the past ten months have proved them worthy of this responsibility, earning the respect and gratitude of the student body. As the helmet occupies the foremost position at the top of the seal, so do the faculty and administration occupy the foremost position at Blair.

Faculty

MR. DARYL SHAW, PRINCIPAL

Two Direct Faculty

Since 1947, our principal, Mr. Daryl Shaw, directed all operations and functions within the school. This year, after serving as principal for the first three months, he went on sabbatical leave to work toward his doctorate. Another capable administrator, Mr. Allan Vogt, filled the position of principal for the remainder of the school year. The effective administration of all programs and operations was the principal's responsibility. The principal initiated and executed important school policy which daily affected the student body. The efficient organization the principal maintained was the very basis of Blair's functioning.

MR. SILAS CRAFT, ASSISTANT PRINCIPAL

DR. EARL HOBBS, ASSISTANT PRINCIPAL

Administration Run Efficiently

Blair's three assistant principals and one general supervisor initiated and executed school policy. Various departments of Blair came under the supervision of this efficient personnel. Mrs. Lavery handled the Language, Social Studies, English, and Girls' Physical Education Departments and provided instructional materials for classrooms. Mr. Craft, in addition to supervising the Guidance and Attendance Offices, administered the Mathematics, Business, and Music Departments. Dr. Hobbs headed the Science, Art, Boys' Physical Education, and Industrial Arts Departments. He also supplied non-instructional materials for the school. Mr. Proctor, the General Supervisor, was in charge of improving Blair's entire instructional program. Together with the principal, these administrators were largely responsible for the efficient operation of Montgomery Blair.

SECRETARIES

Office Staff Operates Smoothly

An institution such as Blair with its vast amount of paper work could not have functioned smoothly without the competent office staff. The efficient secretaries performed valuable services to Blairites, keeping all schedules, filing permanent record cards, and preparing bulletins. They also accomplished such necessary office tasks as typing, compiling data, and arranging files. Among their other duties the Blair secretaries received guests, made essential telephone calls, and assisted the principal and vice principals with all types of clerical work.

RECEIVING A telephone call, Mrs. North, the Registrar, records the time and date of an appointment.

Valuable Guidance is Available

Blair students owed a great deal of gratitude to the Guidance Department. These hardworking, dedicated counselors were responsible for arranging students' schedules and providing needed advice concerning high school, college, and vocational plans. The friendly atmosphere that prevailed in the counseling offices created a sympathetic environment in which many problems concerning students were solved. The Nurse's office offered help for those Blairites who felt ill, or needed minor medical assistance.

LIBRARY

20,000 Books Available to Blairites

Blair students were fortunate to have had such a well-organized and modern school library. With approximately twenty thousand volumes of all types of reading material, Blair's library offered students a unique opportunity to learn. Of particular interest was the Senior Corner—dedicated to Blair's war dead. Serving as a memorial to past Blairites, it was also a showplace for Blair's many trophies, and a study

corner for Seniors. The Library Club with its 275 student members kept the library in excellent order by dusting tables, assisting at the librarian's desk, and doing everything possible to increase the library's service to students. The entire library was supervised by two full-time librarians and a library aide. The library staff deserves the appreciation of every Blairite for offering such an opportunity for education this year.

SOCIAL STUDIES

Growth of Civilizations Studied

In history classes, Blairites strove to learn about man's past in order that each student could improve his present and future life. While studying ancient cultures, pupils gained knowledge of the traditions which have been handed down to us. A study of modern government and social science aided Blair history students in understanding today's complex national and international issues. In this respect, many students benefited greatly from a new course, entitled American Civilization. This subject combined skills of English and appreciation of American literature with a concentrated study of history.

The Latin, French, and German languages have introduced Blair students to the cultures of past and present foreign civilizations. The objectives of studying Latin, the basis of all the romance languages, are varied: they include the key to mastering English, broadening one's vocabulary, and studying the relationship of Latin to English. The French, Spanish, and German students not only learned to express themselves in these modern languages, but also strove to understand and appreciate the ideals and cultures of the countries from which their studied language came. This year all language students benefited by using modern electronic recording and amplifying equipment. Pupils achieved proficiency in language by the able assistance of the language department teachers.

Mathematics at Blair trained students to develop logical thought processes and prepared Blairites for post-high school jobs and scientific occupations. Such classes as Business Arithmetic and Consumer Math taught methods of putting numbers to work in the commercial world, while Algebra I and II, Plane Geometry, Solid Geometry and Trigonometry prepared Blairites for mathematical theory in college. Also taught this year were three advanced courses for CPA students. Math II, III, and IV included basic algebra, the geometries and trigonometry in a three-year program terminating with an introduction to calculus. Students in these mathematics courses hoped to qualify for advanced mathematical standing in college. The training that students of mathematics received in the "language of the sciences" will benefit them in their future occupations and lay the foundation for further study.

In our fast-moving world, science is of utmost importance and students at Blair worked diligently with their teachers to learn all they could about the natural phenomena of the world.

In Biology, students discovered the many wonders of plant and animal life through class study and laboratory dissections. Blair's budding chemists, working in up-to-date laboratories and classrooms, discovered first-hand knowledge of the wondrous chemical world. In Physics, students worked to combine the abstract theories learned in mathematics with the functionings of the natural world.

WORK EXPERIENCE

Many Gain on-the-Job Experience

Blair's Work Experience Program combined in-school training with actual on-the-job work in the field of the student's occupational interests. Three classifications of the program included: Distributive Education which dealt with all phases of retail and wholesale services; Diversified Occupations which provided vocational training in the skilled and semi-skilled trades; Office Occupations which offered students effective and practical preparation for an office career. The businessmen and women who employed these students worked closely with school officials to make the program a learning experience.

COMMERCIAL

Students Prepare for Business

Preparing students for jobs in the fast-moving business world is the function which Blair's commercial department handled with great skill. As well as learning shorthand, typing, bookkeeping and other fundamental business skills, students become adept at operating such business machines as automatic calculators and adding machines. Knowledge gained and skills learned in the commercial and business courses were of great value to those involved, and the information and experience obtained will enable students to achieve high standards and success in their business careers.

BANK

Bank Handles All Financial Matters

Blair's bank, under the management of a faculty member, provided numerous services to students. Not only did the bank serve as the financial backbone of the school and the many student organizations, but also offered a convenient savings plan to all Blairites. With the assistance of able students the bank offered invaluable experience to those planning a career in finance and economics. The bank functioned as a center for the distribution of pictures and rings, the sale of activity tickets, and the sale of tickets to the various student activities throughout the year.

Safe Driving Techniques Taught

Teaching safe, reliable driving techniques was the goal of Blair's Driver Education Department. Through the familiar Driver Education Workbook and several special projects, students became acquainted with the rules and fundamentals of driving. Students attained skill not only by operating classroom devices, but also by having daily on-the-road experience in modern automobiles furnished by local dealers. Blair's Driver Education course was nationally recognized this year when a new Driver Education Textbook used as its illustrations pictures of Blair's student driving program.

ART DEPARTMENT

Fine Artistic Expression Cultivated

This year Blair students became fascinated with the world of creative art. Blairites were encouraged to develop their aesthetic talents and were praised for their creative accomplishments. One need only to tour the well-known Blair art studios to appreciate the achievements of Blairites in artistic endeavors. The field of study for Blair's art students was wide—from ceramics to paper-cutting, from seed-pictures to sketching. Although every art student at Blair may not become a master, each art pupil gained a strong sense of proportion and balance which familiarized him with many aspects of art.

Blairites Gain An Appreciation of Music

At Blair, musical talents were recognized and developed through the Music Department's teachers. Music programs added much to the Blair curriculum. During several assemblies, the Blair Chorus entertained Blairites with fine vocal selections. The Band, in their weekend activities on the football field and in their exhibitions, drew praise from many sources. The Blair Orchestra provided excellent performances at various assembly programs and at other functions. For pupils interested in a general musical background, a Music Appreciation course was offered.

HOME ARTS

Girls Learn Useful Home Arts

The Home Arts Department offered a variety of courses to Blair girls. In kitchens, students learned the values of proper diet as they planned and prepared meals. Sewing and tailoring courses gave girls a chance to discover hidden talents in fashion design and to economically increase their wardrobes. During the year each home arts student took an informative course in dating problems, marriage, and childcare. All the programs given were designed to prepare girls for their future lives.

INDUSTRIAL ARTS

Mechanical Skills Acquired

The extensive industrial arts program provided Blair students with practical training in various mechanical skills. With such a variety of courses as Electric Shop, Advanced Cabinetmaking, Mechanical Drawing, Metal Work, Woodworking, and Print Shop, Blairites were trained not only for immediate employment after graduation, but also for future studies in all fields requiring a knowledge of industry. A recent addition to the industrial arts program at Blair was Research and Development. Employing all skills gained in other industrial courses, and a basic knowledge of scientific principles, students in this class worked on individual projects throughout the year and entered the finished product in the Science Fair. The practical knowledge and skill achieved in Industrial Arts will aid Blairites as adults.

BOYS' PHYSICAL EDUCATION

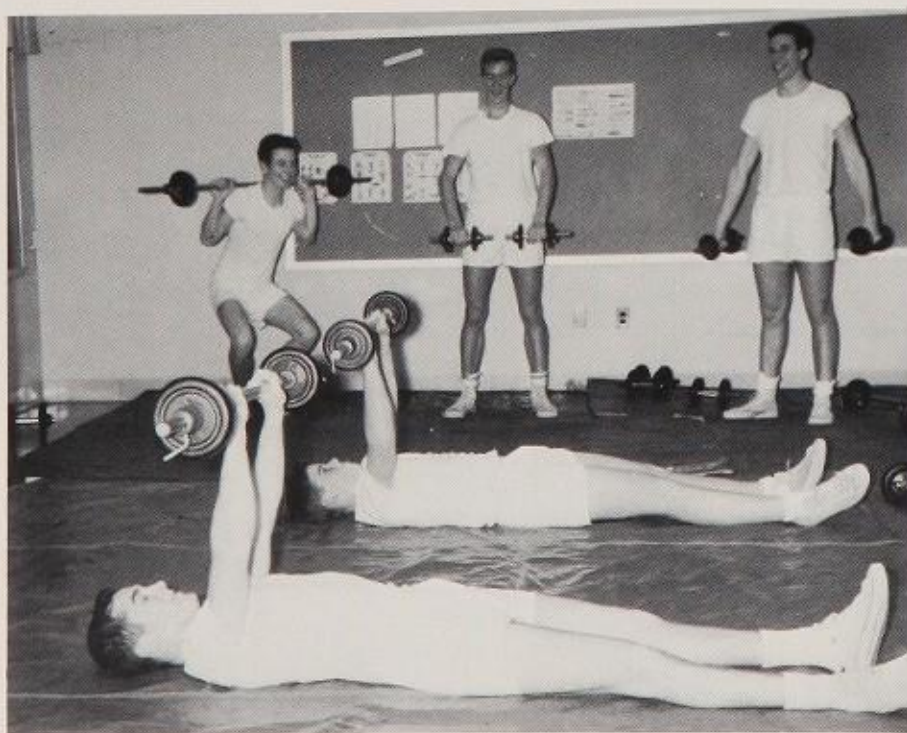

Teachers Stress Physical Fitness

The goals of the Boys' Physical Education Department were to develop well-conditioned athletes and to give all boys the chance for participation in a competitive sports program. Coaches stressed the qualities of fair play and good sportsmanship in the training program, teaching that "a good loser is far better than a bad winner." The ideals that students learned in the Boys' Physical Education program were applicable to all group situations.

The Girls' Physical Education Department offered a well-balanced program of curricular and extra-curricular activities. The instructional program included field hockey, paddle tennis, gymnastics, round and square dance, volleyball, softball, archery, badminton, golf and tennis, recreational game leadership, and hygiene. Many long hours were devoted to after-school activities which were comprised of intramurals, interscholastics and group organizations sponsored by this department.

Personnel Perform Services

Blair could not have operated efficiently without the help of various supporting personnel. The cafeteria staff worked long hours to prepare nutritious meals for faculty members and over twenty-five hundred Blairites. The custodial staff diligently worked to maintain the physical functioning of our school and to keep it neat and clean. To the members of these staffs the student body owes a great deal of appreciation, for they helped to make Blair a better place in which to learn.

REPLACING a light bulb in the hall, Mr. Harrison attends to one of the many duties of a custodian.

New Programs Improve Curriculum

Several new experimental classes provided an increasing variety in Blair's curriculum. The new industrial arts course, Research and Development, gave scientifically-minded students the opportunity to work on advanced research projects as well as to develop logical scientific thought processes. In the social sciences, the American Civilization course combined English and U.S. History into a two-hour course specifically for juniors. Through first-hand knowledge and experimentation, Technical Electronics gave interested students a chance to learn about the complex fields of radio and electronic

theory. For teachers, a curriculum study committee was instituted to familiarize Blair faculty members with all phases of the courses offered at Blair and to recommend improvements.

Honors

Montgomery Blair is a learning institution where students are given the opportunity to develop their minds and characters. Certain students, by years of hard work and unselfish effort, excelled in their studies and performed valuable services to the school and community. These outstanding students were recognized at Blair through membership in several local and national honor societies. Members of these organizations not only gained the esteem of their fellow classmates, but also felt an inward satisfaction by knowing that their achievements were important steps toward enriched and useful lives.

OFFICERS — Front Row: Margaret Hall (Treas.), Karen Margolis (Sec'y). Back Row: Sherry Michaelson (Vice Pres.), Mike Teitelbaum (Pres.).

The function of the National Honor Society was to recognize those students who excelled in those attributes which are most important in high school: scholarship, leadership, character, and service. Membership selection, based upon the above criteria, were made by a faculty committee. The size of the society was limited to a specified percentage of the senior class; one group being inducted in the junior year, and another in the senior year. The National Honor Society carried on a free tutoring service as an effort to improve the scholastic level of Blair.

The Monogram Society recognized outstanding students who excelled in participation in extra-curricular activities. The few Blairites who earned a minimum of one hundred monogram points were inducted into this sixteen-year-old honor society, and were awarded an old English "B." Although the monogram system was revamped this year, the Monogram Society still accomplished its purpose — to honor those students who contributed their time and effort to Blair.

Merit Scholarship Semi-Finalists

In their junior year many students took the Merit Scholarship Examinations. Those receiving a score above the cut-off point designated for the state of Maryland became semi-finalists. Thirteen of Blair's semi-finalists achieved the distinction of becoming finalists and were eligible for scholarships.

STAR WRITING CONTEST—Sheldon Green, Amy Maller, Jeff Burt, Doug Benson, Barry Walker. (Not shown: Virginia Irving).

Quill and Scroll

The six publications at Blair offered many opportunities for able students to participate in composing newspapers, a literary-arts magazine, and a yearbook. Those who excelled in any of these literary endeavors were inducted into Blair's Quentin Reynolds chapter of Quill and Scroll. This year, two inductions brought the society to a membership of more than fifty students.

Star Writing Contest

The annual writing contest sponsored by the *Evening Star* newspaper was opened to all students of the Washington Metropolitan area. The nine thousand teenage authors who submitted their short stories, essays, poems plays and competed for forty gold keys and ninety-nine certificates of merit. One gold key and five certificates of merit were awarded to Blair students. The prize literature was sent to New York for national competition.

Westinghouse Semi-Finalists

The Westinghouse Talent Search sought to recognize and to offer scholarships to high school seniors displaying a definite aptitude in science. On the basis of an examination, a research paper, recommendations, and grades, ten per cent of the thirty-five hundred contestants were selected for the Honors Group, to which two Blairites were chosen. Forty were then placed in the finalist category, and the top five received full college scholarships.

WESTINGHOUSE CONTEST SEMI-FINALISTS—Carl Barnhart, Jeff Ackerson.

Oratorical Contest

Annually the American Legion sponsored an oratorical contest for outstanding high school speakers. Each contestant delivered a prepared speech on one aspect of the United States government and its constitution, and then gave an extemporaneous talk. Blair winners went on to Montgomery County competition, with the chance for scholarship awards.

Students excelling in the art of oral communication were admitted to Masque and Gavel, Blair's speech honor society. Members of Masque and Gavel participated in monthly forensic contests with other Montgomery County high school students. They competed in after-dinner speeches, impromptu and extemporaneous speeches and interpretation of prose and poetry. Members also performed an important service to fellow students by organizing a speech clinic where Blairites obtained valuable help in public speaking.

FRENCH HONOR SOCIETY — Front Row: Kenneth Levin (Pres.), J. Cohen, N. Markison, A. Carpenter. Back Row: R. Fleisher, H. Coale, R. Laney, H. Levin.

The primary purpose of the National Latin Honor Society was to recognize those students who displayed outstanding ability in the study of the Latin language. A straight "A" average for six consecutive marking periods was required for membership. This society, established in 1950, performed a valuable service to Blair by tutoring students needing help in their Latin studies.

French Honor Society

The main purpose of the French Honor Society was to recognize Blair's students who were superior in French. Each year new members were inducted into the Society. To be eligible, a French III student must have "A's" in three semesters of work and must have participated in at least one extra-curricular activity pertaining to French. Members of the French Honor Society helped serve their school by offering a tutoring program to Blair language students.

Thespians

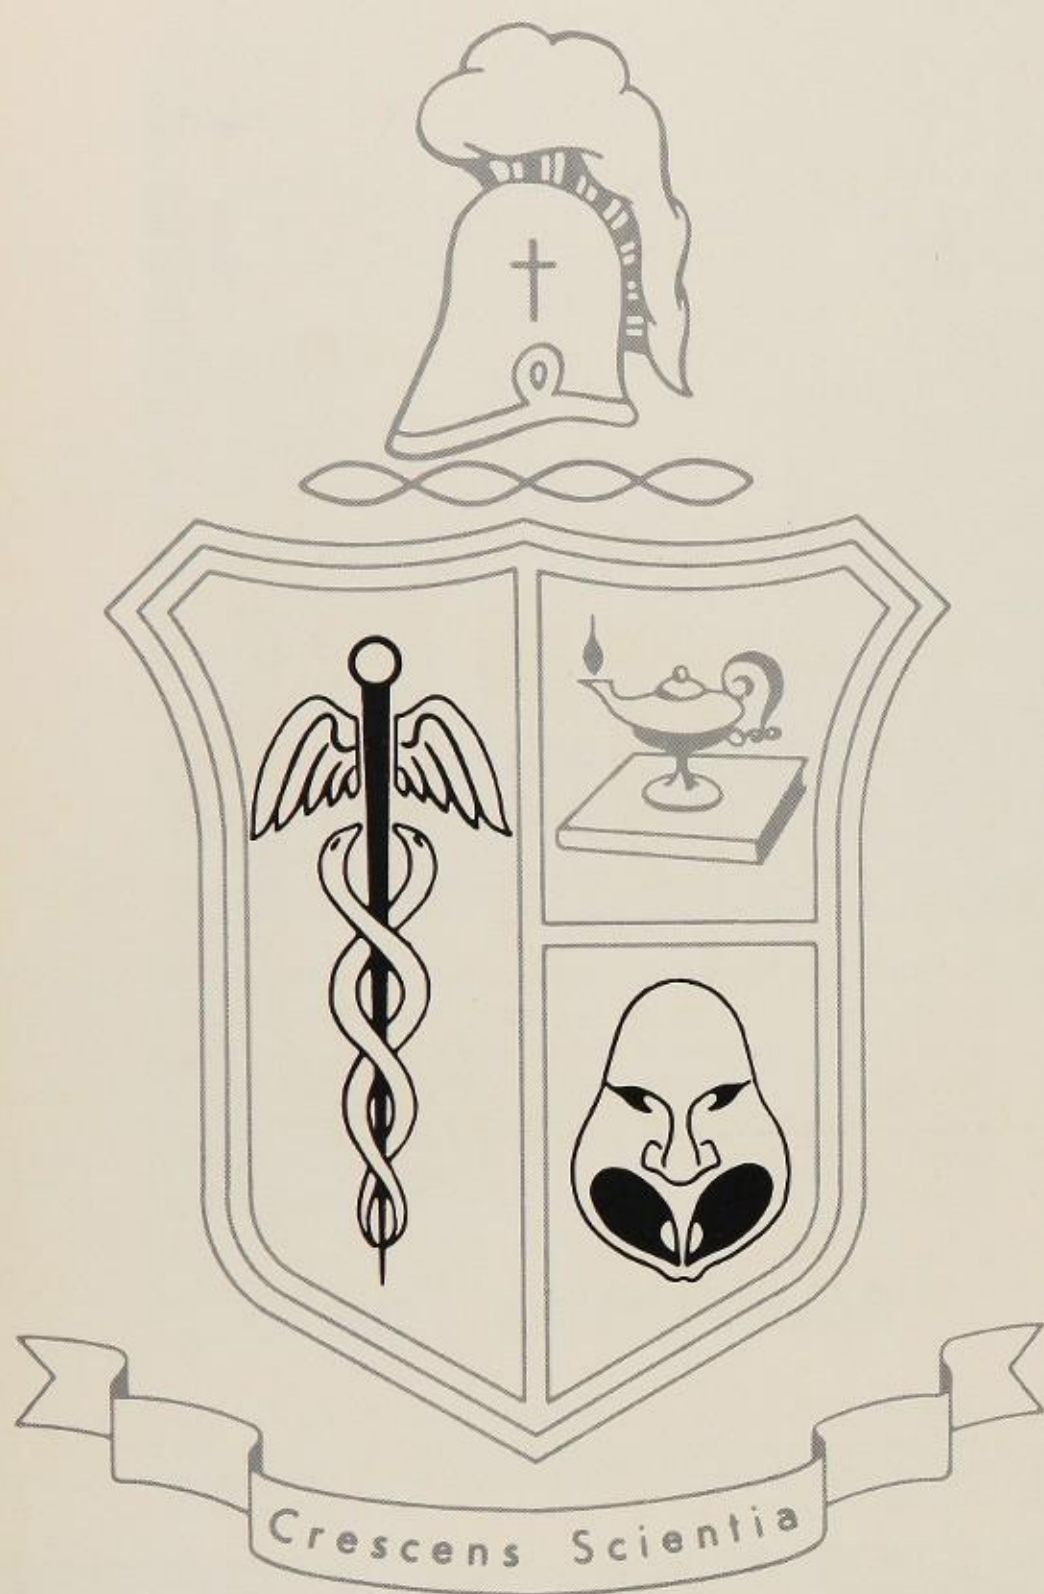

Troupe 1257 of the National Thespian Society was devoted to the advancement of dramatic arts at Blair. Students who worked on school productions received Thespian points. The twenty-three members of this honor society had earned ten points and were awarded membership for their meritorious participation in the dramatic arts.

Mu Alpha Theta's purpose was not only to provide recognition for achievement in mathematics, but also to stimulate interest in this subject. Mu Alpha Theta also carried on an extensive tutoring program for students needing assistance. Meeting the first Wednesday of each month, the society established itself as a necessary part of the Blair honor society system.

In the seal, the mask and staff reflect all school clubs, organizations, publications, and sports activities; combined they offer to the student body opportunities to participate, to know and work with other people.

Blairites are indeed fortunate that their school offers the chance to join and participate in so many organizations and sports. Blair concerns itself not only with learning by studying but with developing within each student the ability and desire to get along with other people. As students progress to adulthood, they will carry with them good traits developed by participating in the many extra-curricular activities at Blair.

The Mask and Staff: Symbols of Participation

Although studies were the most essential part of Blair, students devoted a great deal of time and effort to participate in the many school organizations. Learning to work with fellow students in worthwhile activities was emphasized at Blair, and the more than eighty organizations provided the opportunity to develop a genuine spirit of cooperation. These organizations not only offered leadership experiences for able students, but also proved a valuable factor in expanding intellectual and social interests.

STUDENT COUNCIL

Council Provides Leadership Experiences

The Student Council was the nucleus of our school government. Made up of the five elected members-at-large from each class and the various committee heads, the Council promoted the welfare of the general student body as well as encouraged better citizenship through experience in government. Meeting together each day during the sixth period, members carried out their goals by discussing, evaluating and then re-discussing legislation.

The Executive Board directed the Student Council's activities. Composed of the President, Vice-President, Secretary and Treasurer of the Student Council, the Executive Board worked to increase student participation in the Council.

The Student Council attempted to give its members a valuable learning experience. Through Blair's student government, students became acquainted first-hand with the principles and practices of American government.

Activity Council

The Activity Council was comprised of all club, organization, committee, and publication heads. Their task was to initiate and carry out policy concerning the various activity groups. Working in close conjunction with the Student Council's Executive Board, the Activity Council set up requirements for granting charters to Blair organizations. Bi-annually, the committee members assist the revision of Blair's Activity Handbook.

The Representative Assembly was organized to bring the student government closer to the individual Blairite. At the beginning of the year one member and an alternate were elected from each homeroom to serve on this body. Meeting periodically, the assembly discussed and then voted on issues pertaining to students. Leading the group in its parliamentary tasks was the vice-president of Student Council. The Representatives also made new and helpful suggestions to the Executive Board. The Representative Assembly idea went far in making Blair's student government even more democratic than in previous years.

Dance

The success of school dances at Blair may be attributed to the efforts of the Dance Committee. The fifty members of this group met in room C-107 to arrange the necessary details. Then they set to work in the gym, decorating, setting up chairs, and organizing. Their efforts resulted in many enjoyable and profitable dances at Blair.

The newly-formed Public Information Committee informed the surrounding community of all Blair's activities and distinctions. Through newspaper articles and radio announcements, the committee made known the occurrences at Blair. Many organizations and events received recognition because of the fine work accomplished by the committee.

Public Information

Meeting before each Blair election, the one hundred and thirty-nine members of the Election Committee planned and conducted the voting throughout the school. This committee ran the elections for Sophomore, Junior, and Senior Student Council Officers; for the Sophomore, Junior, and Senior Class Officers; and for the Christmas Queen. Composed of one representative and an alternate from each homeroom, this committee assured an orderly, well-run, and honest election procedure.

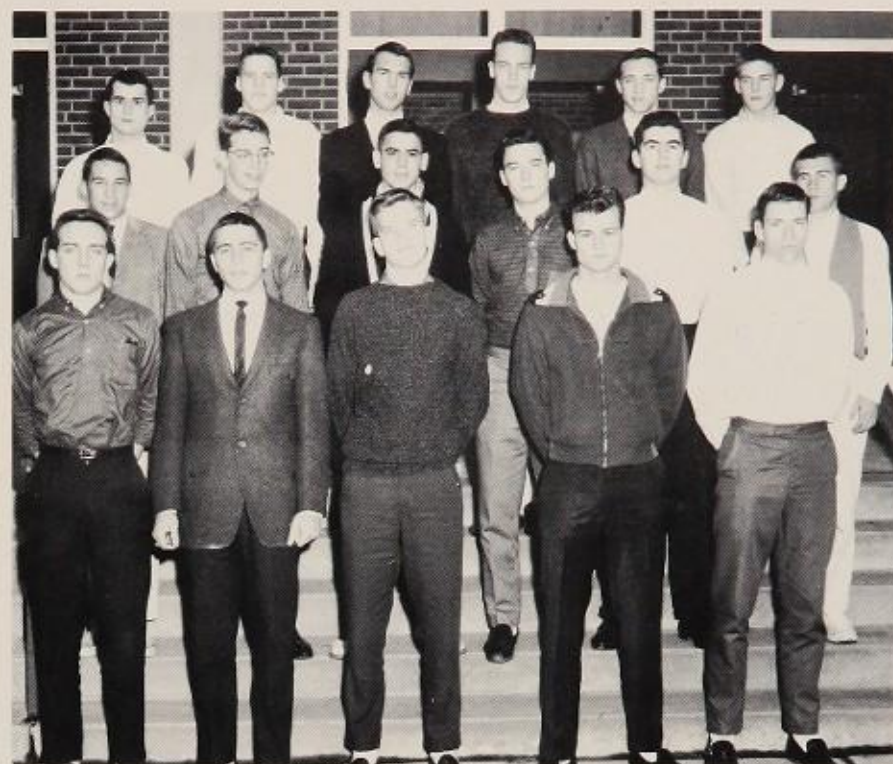

Election

Assembly

The Blair Assembly Committee, consisting of seven students and one faculty sponsor, planned and arranged the details of the many entertaining and informative school assemblies this year. The Chair Committee, a sub-committee, set up the chairs and bleachers for assemblies, meetings, inductions, and theatrical productions. The twenty-eight members of these two committees were largely responsible for the success of the assemblies.

ACTIVITY COMMITTEE—Front Row: Linda Sparshott (Ch.), M. Smith, E. Moke, J. de Simon. Back Row: D. Jolles, M. Siskind, S. Lee, K. Simpson, J. Tatel, A. Hsiao.

The primary function of the Activity Committee was the preparation of the Student Activity Handbook, distributed to all incoming sophomores. This handbook contained information about every student organization at Blair, and thus was invaluable in acquainting new students with the opportunities for participation.

Although Blairites were sufficiently fed and clothed, two-thirds of the world was not. The Welfare Committee attempted in a small way to remedy this situation. By contributions, the committee supported a girl on the Island of Crete, sent a Greek boy to an agricultural school, and provided food and clothing to the needy. In each homeroom, students pledged dimes and quarters monthly to support the activities of the Welfare Committee. This year, national recognition was given to Blair for its large contributions to worthwhile charities.

Awards Committee

The Awards Committee was responsible for recording monogram points that students earned. The Committee also handled the special service recognitions, and worked to form a Blair sports Hall of Fame.

Chaplain's Committee

Making morning and afternoon announcements was the daily function of the Chaplain's Committee. Students appreciated the clear enunciation and the unusual sound effects utilized to call them to attention. The chairman of the committee, Blair's chaplain, was often heard giving invocations at the many assemblies. When a student or faculty member was ill, or experienced a tragedy, the Chaplain's Committee expressed the concern of Blair by sending flowers, sympathy cards, or convalescent cards.

AWARDS COMMITTEE—Front Row: B. Goldstein, L. Derow, B. Jones, N. Bowers, C. Beck. Back Row: P. Jones, B. Nichols, S. Lief, M. Kaplan, M. Penn, S. Bender, E. Waren, C. Holestein, Jack Inderdohnen (Ch.).

Special Project's Committee

The main function of the Special Projects Committee was patrolling Blair's halls during lunch time, thus preventing classes in session from being disturbed. Although the large student body made their task especially difficult, the conscientious members performed their duty. The committee was the revamped Citizenship Committenship Committee of 1960-61. By adopting a new method of penalizing violators of school regulations, a high degree of efficiency was maintained.

Ways and Means Committee

The Ways and Means Committee gave financial support to the Student Council. This committee was in charge of promoting the sale of Activity Tickets, and providing each purchaser with the special Polaroid picture identification. The ten-dollar Activity Ticket supported the yearbook, the newspaper, the literary magazine, and the athletic activities. Through posters, displays, newspaper articles, and discussions, the Ways and Means Committee pushed this year's sale of Activity Tickets to an all-time high of two thousand, a remarkable achievement. In addition to this function, the forty-member committee raised money by selling booster buttons before football and basketball games.

Safety Committee

During fire drills and air raids the Safety Committee members took their posts to provide valuable assistance to students. Their excellent performance during the ten years of their existence at Blair earned them the National Safety Award. The orderliness and efficiency of fire drills made Blair a safer building to occupy, and their functioning during air raids ensured some measure of safety in a national emergency.

Athletic Committee

The Athletic Committee existed primarily to raise money for Blair's sports activities. It accomplished this by selling season and Homecoming football tickets. Working through homerooms, the entire school benefited from their enthusiasm and hard work. A twenty-five dollar United States Saving Bond was offered as a reward to that person who sold the most Blair-B-CC football game tickets. Such committees

Organized ten years ago, the Montgomery Blair school store was operated by a group of sixteen enterprising students. Before and after school, Blairites were not only able to purchase at the school store all types of school supplies, but also a fine array of Blair products, such as jackets, sweatshirts, and tote bags. The time and effort the members of the school store committee devoted to supplying Blairites with essential materials earned them the gratitude of the student body.

It was the task of Blair's busy Publicity Committee to advertise all Student Council-sponsored activities and maintain good taste in all other publicity. Through such duties as designing attractive signs for the Student Council, and approving posters in the halls at Blair, the Committee's purposes were carried out. The Publicity Committee finished their twenty-first year of service to this school, upholding a commendable record of achievement.

Inter-School Relations

This year, Montgomery Blair was fortunate to have the President, Secretary, and Publication Editor of the Montgomery County Region of the Maryland Association of Student Councils as students. This Association met monthly to discuss matters of mutual concern to schools within Montgomery County. In addition to serving on the MC-MASC, these officers aided Blair's own Student Council by offering helpful criticisms and suggestions, and unofficially "sitting in" on Executive Board meetings. The help of these three Blairites went far in making our Student Council a smoother running and more efficient school government.

The Inter-School Relations Committee conducted exchanges and relations with other schools, and supervised welcoming activities at Blair. Local exchanges and workshops were arranged with other area schools to give members of Blair's organizations an opportunity to share ideas. This beneficial program and the sophomore orientation which the committee organized were of great value to Blairites.

Blair was host to three foreign students during the 1961-62 school session. They were: Laura Gualino, from Italy; Francoise Warnery, from France; and Alexandro (Alex) Otegui, from Spain. Both Laura and Alex were sponsored by the American Field Service, while Francoise was assisted by the Christian Youth Exchange. All three foreign students lived with American "parents" and attended Montgomery Blair while gaining at first-hand an understanding of the United States.

OFFICERS—Front Row: Howard Levin, Roberta Laney (Pres.). Back Row: Sue Singleton, Bettina Mims, Nancy Lugar.

The Montgomery Blair Library Club, one of the largest of its kind in Maryland, was established thirty-two years ago. The main purpose of the club was to assist the librarians in providing the student body with reading and research material. In addition, the Library Club sponsored annually a bake sale, a Christmas party, a dance, a banquet, and parties for athletic teams.

Not only was the Library Club the largest organization at Blair, but also it provided the most amusing events. The club's well known mascot, Pokey Bear, a small stuffed teddy-bear, was worshiped by all new inductees. At selected times, boys were knighted with large lollipops, and dubbed "Miss Stickley's musketeers." At the annual banquet, faculty members to be initiated into the club appeared in humorous costumes. Yet, despite the fun, the two hundred and seventy-five member Library Club was outstanding in the school for its extensive service, large membership, and worthwhile activities.

Civil Defense

The new Civil Defense Club created an interest in civil defense by providing information and instruction to students. Through films, speakers, and demonstrations, members and non-members learned the value of adequate civil defense measures in times of disaster.

Blair Rollers

Students wishing to perfect their skating skill in a congenial atmosphere became members of the Blair Rollers. The club met every other Thursday at the Hyattsville Skating Rink. The ten members of this twelve-year-old club extended their activities this year to contributing to the Foreign Exchange Club.

Blair Bowlers

Each Monday, Blair bowling enthusiasts met at the Silver Spring Bowling Alley where twenty teams, of four members each, participated in competitive league games. The team that achieved first place had its name engraved on the Bowling Trophy, which was displayed in the library. In order to benefit the community, the members of the Bowling Club helped transport handicapped children to the Bowling Alley for a day of enjoyment.

Foreign Exchange Club

The fifty-six members of the Foreign Exchange Club attempted to improve understanding between distant countries and peoples. By the financial contributions of Blairites, this club helped support several American Field Service exchange students. Throughout the year, speakers were invited to lecture interested students. By building a float for the Homecoming Parade and sponsoring a party, the Foreign Exchange Club provided enjoyable activities for its members.

U.N. Club

For the second year, the United Nations Club promoted many worthwhile activities. Speakers from foreign countries discussed world problems with the thirty-five members. The U.N. Club sponsored several fund-raising campaigns to collect money for various United Nations functions. Through the efforts of this club, many students became aware of the problems confronting the United Nations today, and vigorously supported the activities of this important world organization. Blair students interested in world affairs participated in the nationwide U.N. contest.

The principal goals of the French Club were: to create enthusiasm for the understanding of French culture; to stimulate interest in the study of the language; and to promote Franco-American friendship. Their activities included sponsoring conversational French meetings, studying French culture, holding an annual banquet and picnic, and supporting a French orphan. The seventy members of this language club accomplished much, benefiting both themselves and the community.

The German Club promoted interest in Germany and the German language. This year its activities included: decorating a Homecoming float; a bake sale; dinner at a German restaurant; a picnic; interschool activities; correspondence with German schools; and lectures. The members of the club also contributed an amount of money to Radio Free Europe. Now in its third year of existence, this club was very useful in acquainting students with the German culture.

The forty-eight members of the Spanish Club stimulated interest in the study of Spanish. Its activities included: entering a float in the Homecoming Parade; holding conversational meetings; having a Christmas party; sponsoring a banquet in the spring; and seeing colorful and educational movies. By providing organized functions where students could meet with each other and learn about the Spanish language and culture, the Spanish Club performed a very valuable service.

F.T.A.

The Future Teachers of America attempted to inform interested students of the many opportunities and advantages in the field of education. This aim was carried out by inviting experts to speak to the members and by showing films dealing with education. F.T.A. members were given the opportunity to "practice teach" at elementary and junior high schools in the area for one week. This annual project gave the members a better understanding of the teaching profession.

The Future Homemakers of America of Montgomery Blair was divided into two chapters. The first consisted of sophomores; the second, of junior and seniors. Although the girls met separately, the two groups had a similar program, combining domestic skills with interesting activities. The main objective of F.H.A. was to promote students' interest in home economics. By watching demonstrations performed by experts in home economic fields, F.H.A. members gained insight into solving homemaking problems. Such instruction as cake decorating, clothing construction, and fashion design proved to be of great interest and value to these future homemakers of America.

Debate Union

The Debate Union offered organized debating as a challenging form of discussion. The aim of the thirty-member Debate Union was to promote interest and participation in acquiring the skills of debating among Blairites. The members represented Blair at league and tournament debates, and presented demonstration debates for classes. To achieve this high degree of argumentative skill, members held debates among themselves every Friday afternoon. In its five-years of existence, the Debate Union has earned a fine reputation in the Washington area.

Discussion Group

This year students organized a formal discussion group, where they debated the pro's and con's of pertinent issues. Members of the Montgomery Blair Discussion Group met weekly to talk about stimulating ideas and newsmaking events that were of interest to themselves as well as national leaders.

F.D.N.A.

The Future Doctors and Nurses of America, composed of students interested in medical and nursing careers, gave practical experience to its members by offering them the opportunity to work in the school nurse's office. The club made trips to Sibley Hospital and spent several days at Washington Missionary College to observe the daily life of student nurses. Participation in this club served as a valuable guide in the selection of a career.

SCIENCE CLUB—Front Row: Elaine Abbott (Pres.), S. Sweda, D. Hurlburt, K. Kramer, D. Frome, C. Brimberg, M. Sheer, B. Oppenheim, S. Michaelson, B. Silverman. Second Row: D. Segal, S. Green, J. Ward.

Science

The main responsibility of the Science Club was planning the Annual Science Fair. This fair provided the opportunity for scientifically-inclined students to display the results of their research. Outstanding projects were awarded prizes and sent on to further competition. The twenty-five members of the club also took field trips and invited guest speakers. This very active club offered valuable experience to those who hoped to succeed in the scientific world.

The Biology Club, mainly composed of sophomores, met weekly to discuss and to share ideas concerning the science of biology. Through individual research, each member increased the scope of his understanding. All students profited by hearing fellow-members' reports. As a result of lectures, experiments, and discussions, Biology Club members delved deeper into the complex world of Nature.

Each year members of the Chemistry Club were seen touring the Naval Ordnance Research Laboratory. This, and other experiences gave members valuable knowledge about scientific concepts. The extensive chemistry laboratories at Blair were made available to the Club to facilitate their experiments and research projects.

Astronomy

The purpose of the Astronomy Club was to increase each member's knowledge of astronomy and astronomical equipment. By holding night observation, and hearing lectures on astronomy and allied sciences, the three-year old club achieved its goal—giving members deeper insight into this frontier of science.

Latin Scrabble

Blair's Latin Scrabble Team, composed of fifteen Latin students, provided stiff competition for other area schools. Defending the Montgomery County Latin Scrabble Title, these Latin scholars devoted considerable time and effort to increase their ability in the Latin language.

Chess Club

Members of the Chess Club played many practice matches to perfect the strategy for this challenging game. As the year progressed, their familiarity with the complexity of chess increased, and many hours were spent in interesting competition. Not only did chess cultivate within each individual the ability to analyze a situation, but also to appreciate the value of competing with others on an intellectual basis.

The new Hi-Fi Club was established this year by those students interested in the high-fidelity and stereophonic fields. By using the equipment available at Blair, members of the club increased their knowledge and appreciation of the improvements advanced technology has made possible in the area of music. Many enjoyable hours were spent listening to high quality music, and working with complex audio equipment.

The fifty members of the Audio-Visual Aids Committee were responsible for operating modern visual and audio equipment at Blair. During its six years of existence, the committee has trained many students to operate the projectors, recorders, record players, and other instructional aids. By utilizing the services provided by these members, teachers were able to enrich their curriculum.

The Amateur Radio Club taught its members the fundamentals of radio theory and operation. This club offered interested students the chance to learn the Morse Code and techniques of radio communication. Supplied with equipment in the Radio Room of "C" building, the members increased their knowledge and understanding of the complex factors involved in the radio field.

The Montgomery Blair Audio Committee performed an important service to the school by operating audio and audio-visual equipment. During football and basketball games, assemblies and dances, the six members of the Audio Committee set up and operated lights, music, and amplifying equipment.

Stage Crew

The members of the Stage Crew were indispensable in all Blair theatrical productions. Working both afternoons and evenings, the Stage Crew built the sets of Blair's two fine shows. Exceptionally hard-working members of the crew were inducted into Thespians, but the main satisfaction lay in working with other students on the production, and, after several months, watching an excellent performance. The Stage Crew, with a membership varying from thirty to sixty, maintained the high quality settings necessary for outstanding productions.

During each of Blair's two plays some of the fifty-two members of the Powder Puffs were expertly applying stage make-up to talented actors. These girls learned preparation and application of stage make-up to create various effects. They turned high school students into elderly ladies of the last century, into bombastic generals, and into comic-strip hillbillies. For the past five years the Powder Puffs have helped maintain a Broadway atmosphere in all Blair's productions.

Creative members of the Dabblers' Den utilized their talents to beautify Blair. They displayed students' paintings in the hall, and provided an exhibit in "E" Building entitled "Student of the Month." In their Annual Art Show they did much to increase Blairites' appreciation of the finer arts.

Keyettes

Though only in their third year, the thirty-six members of the Montgomery Blair Keyette Club were extremely industrious. Their activities included: transporting orphans from St. Vincent's to the dress rehearsals of Blair's plays, sponsoring a Christmas toy-repair workshop for all Blair girls, holding a Halloween party for an orphanage, sponsoring the St. Valentine's dance, and operating a paperback book store in "E" Building for the entire year. This service club, sponsored by the Silver Spring Ki-wives, met every Wednesday to fulfill their motto, "We Serve."

Key Club

The thirty-five members of the Key Club, to fulfill their purpose, promoted responsible citizenship and leadership and performed service in the school and community. This year, the club helped support a home for retarded children; parked cars and ushered at various school functions; sponsored the Annual Fashion Show and Vice-Versa Dance; beautified the school grounds; provided vocational guidance for its members; and assisted the Kiwanis Club. Their extensive activities earned them a high rank in the International Key Club Convention, and the respect of all Blairites.

Crests

Meeting every other Tuesday throughout the school year, the Blair Crests aided the school and community in many ways. This year, activities included sponsoring the Michael J. Sheplee Memorial Scholarship, and making contributions to the Foreign Exchange Club. The Crests, now in their sixth year as a Blair service organization, once again upheld the fine purpose for which they were founded,—"To serve our school and community in any way possible."

O'Debs

The twenty-five energetic members of the Blair O'Debs visited and entertained patients at the National Institute of Health and a home for retarded children. The O'Debs also worked with the Varsity Club to produce Blair's second "Yearbook in Sound." This recording of the memorable events which occurred during the school year helped students keep vivid recollections of their high school days. By serving the school and community, the O'Debs received well-deserved appreciation.

Varsity Club

After earning a varsity letter in high school sports, an individual was eligible for membership in the Varsity Club. Its members participated mainly in athletic events. Among its activities this year were selling tickets to the Faculty-Intramural Football Game and arranging the details of sports competition.

During their two active years the Varsettes provided valuable services to Blair and the Silver Spring community. Before the Christmas Holiday Season twenty-six Varsettes joined the Keyettes in a workshop to repair toys for needy children. Frequent visits by the Varsettes brought many fun-filled hours to the youngsters at the Central Union Mission and Children's Hospital.

Two times during the year, the Literary-Art Magazine, **SILVER QUILL**, was distributed. This publication contained poetry, short stories, and essays illustrated by highly creative drawings. The **QUILL** Literary Staff evaluated and screened entries submitted by Blair

students. Their critical analyses made it possible to publish fine quality writing. The **QUILL** Art Staff created a meaningful illustration to accompany most articles and they designed the covers. Together, these staffs were responsible for two memorable editions of **SILVER QUILL**.

ADVANCED CHORUS

Chorus is Asset to Blair and Community

BETTY WHALIN, Janet Forsberg, Debbie Kraus, and Helen Coale, alter robes to fit chorus members.

One of the most active organizations at Blair was the Advanced Chorus. Its eighty-five members spent many hours before, during, and after school rehearsing, working on committees, and giving programs. The purposes of this organization were: to provide education in music for its members; to serve Montgomery Blair; and to promote better public relations between the school and community. The Advanced Chorus accomplished its goal by participating in such school programs as the Thanksgiving, Christmas, Baccalaureate, and Commencement Programs; by performing for other high schools, the Kiwanis, the Board of Trade, Women's Club, Walter Reed Tree Lighting, and the State Choral program. Under the able direction of Mrs. Huntley, its members and the school, as well as the community, benefited from the activities of the Advanced Chorus.

Der Deutsche Adler

Der Deutsche Adler, the German newspaper, was published three times during the year. The combination of creative writing, pen-pal letters, crossword puzzles, and other articles of interest, provided students with an informative newspaper. The English translations enabled others in addition to German students to enjoy this worthwhile publication. One of the few high schools in Maryland to have a German newspaper, Blair was fortunate that its German II students possessed the ability and initiative to put out *Der Deutsche Adler*.

Praeco Argenteus

Several years ago, Blair received national recognition for its Latin publication. Although discontinued for a time, this year *Praeco Argenteus* "opened shop" and again provided students with interesting reading. With English translations, *Praeco Argenteus* informed Blairites about the civilization and culture of ancient Rome. The fine quality of the newspaper may again earn for Blair national repute.

Le Journal d'Argent

Since 1955, *Le Journal d'Argent* has informed students of French culture and literature. For several years this French newspaper has received first and second place awards in the Columbia Scholastic Press Association competition. Adopting a new style of production, the staff met each day in C-107 during sixth period. This newspaper not only provided stimulating reading for students, but also gave its staff valuable experience.

Silver Chips, Blair's newspaper, was published every three weeks during the school year. The staff was composed of students chosen from the journalism class of the previous year. This year for the first time, the staff was headed by co-editors, who met with their staff the fourth period each day. Besides issuing to Blair students a concise summary of news, *Silver Chips* endeavored to provide the staff with practical experience in all types of writing. Staff members were given the opportunity to attend conventions, lectures, special programs, and shows as representatives of not only the paper, but also of Montgomery Blair.

The twenty members of the SILVERLOGUE staff devoted much time and effort to record the people, events, and achievements of Blair 1961-62. For more than a year and a half these students strove to make the 204-page annual an accurate and valid reflection of life at Blair. The task of writing, cropping pictures, drawing layouts, identifying thousands of people, planning and taking pictures, arranging, organizing, and creating, seemed endless, but the final results were well worth the labor. In future years when members of the staff reminisce about their days at Blair, their work on SILVERLOGUE will stand out as one of their most enjoyable and worthwhile activities.

MONTGOMERY BLAIR BAND

Sixty-Six Musicians Entertain Blairites

For thirteen years, Blair's student body has benefited from the fine performances of the school band. During football games, parades, special assemblies, and community gatherings, each of the sixty-six band members demonstrated the results of many years of diligent practice. This year, the band represented

Blair at the Silver Spring Christmas Parade, the Washington Cherry Blossom Parade, and the Lion's Club Festival. The quality of this group was evident in their excellent musical arrangements and their skilled formations on the athletic field.

MARY KAY YEAGER leads the band at half time on the football field during a football game.

Throughout the year, the fifty-five students in the Montgomery Blair orchestra entertained both our school and the community by giving several fine concerts. Every third period the orchestra perfected their skills in sight reading, scales, dexterity, and care of instruments. During the winter months, the members practiced many hours for the Annual Show, "Li'l Abner." Their part in this theatrical production added the needed professional touch. Their over-all excellence stimulated interest in the student body for better music, and induced many prospective Blair students to join the orchestra.

CHEERLEADERS

Ten Lively Girls Rouse Teams to Victory

The ten cheerleaders were the most active organization at Blair which promoted school spirit. Cheering on the football field and the basketball court, these girls were vital in building the moral support of Blair's championship teams. By harnessing the crowd's energy, and encouraging good sportsmanship,

the cheerleaders earned for Blair the respect of other area schools. In addition to these activities, the attractive cheerleaders, clad in red and white, provided another highlight of all football and basketball games. In school, too, this group was instrumental in maintaining the high enthusiasm of athletic events.

The Majorettes of Montgomery Blair, organized in 1947, was the first corps in the Silver Spring area. This year, the twelve girls in their jaunty red and white uniforms promoted school spirit during football games and special assemblies by exhibiting precision drill and baton twirling. The Majorettes met daily sixth period, and each girl received a report card grade

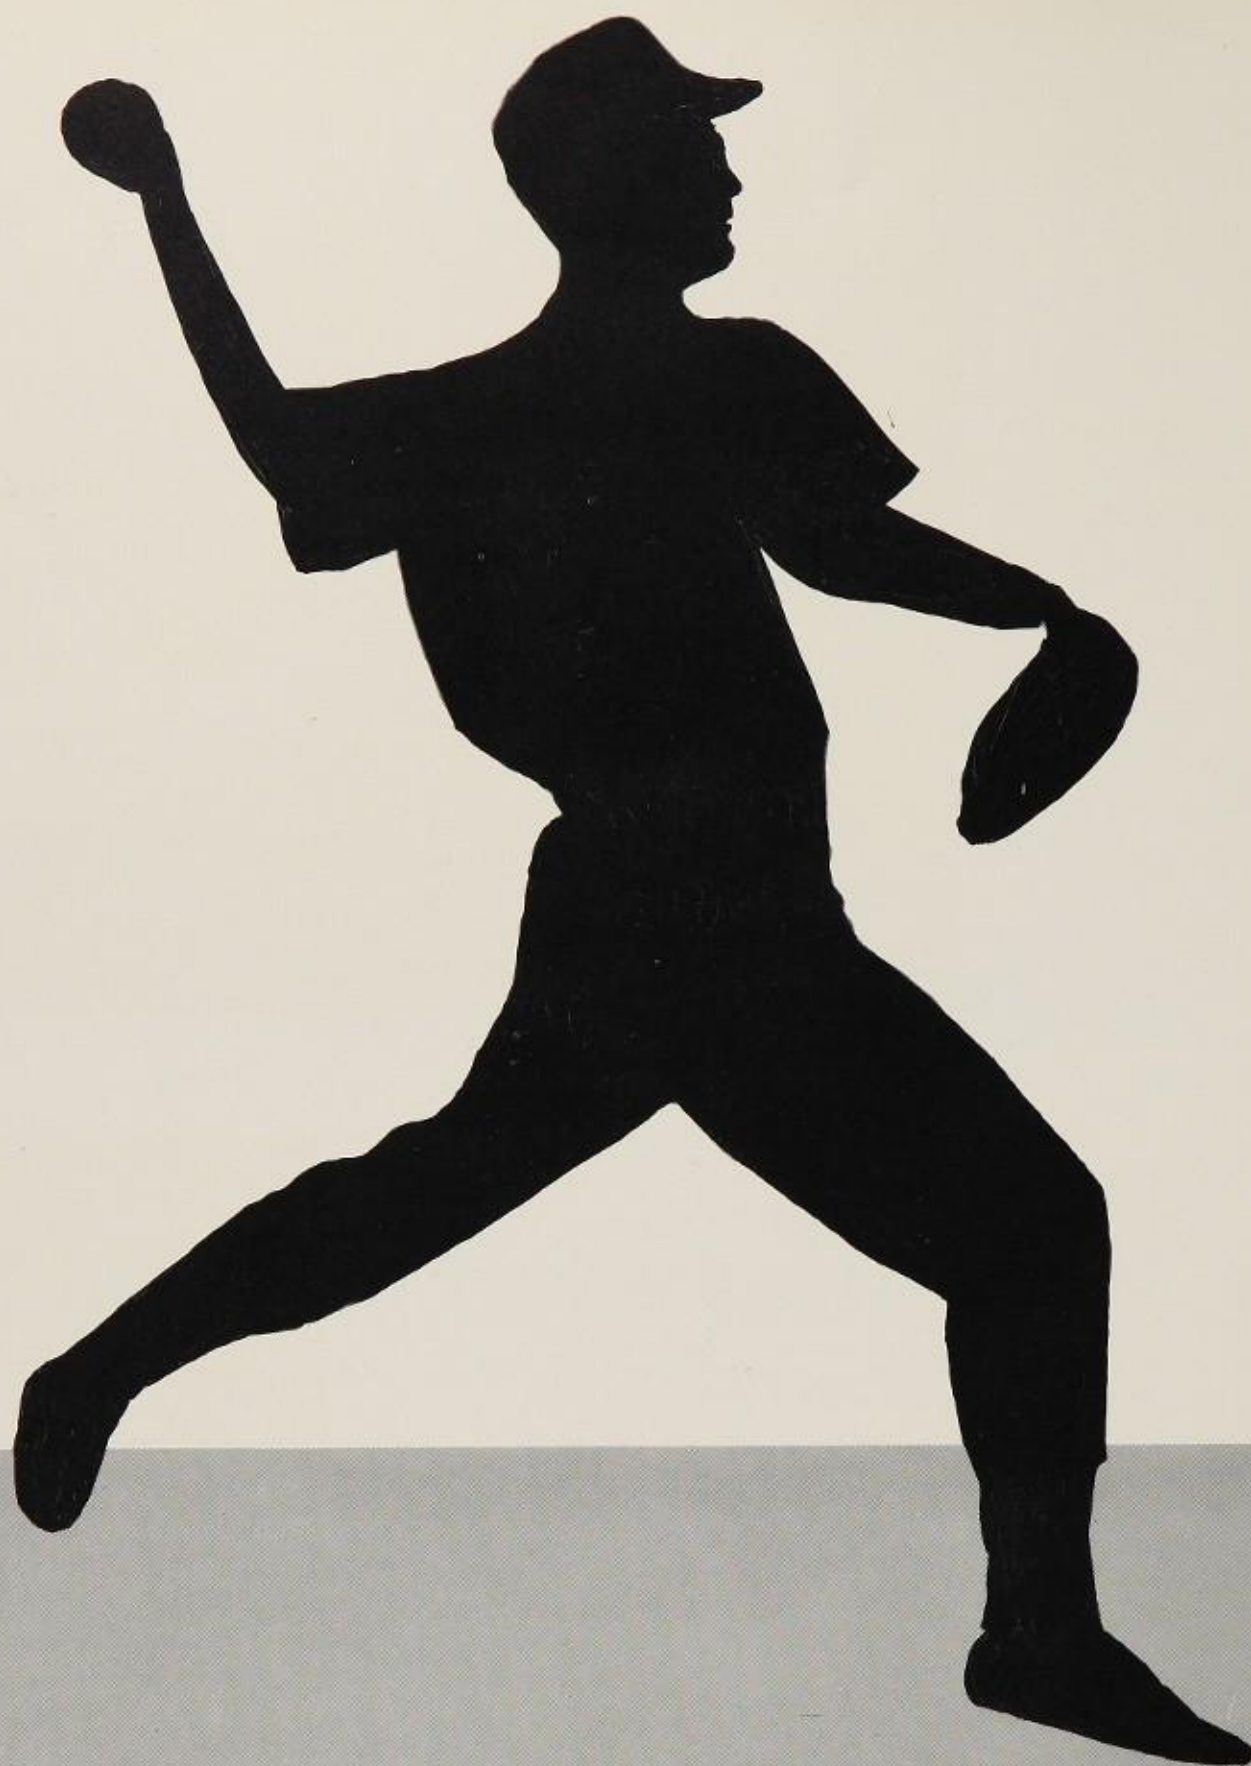

for her participation and skill. Representing Blair in the annual Christmas and Cherry Blossom Parades, the Majorettes won awards for their excellence in ensemble work. The Majorette snack bar, established last year, was again popular in 1962, as a cheerful place to meet friends and to purchase refreshments.

Inter-high athletic competition was an essential element in Blair life. For members of the sports teams, a sound body, a spirit of cooperation, and a sense of fair play were developed. For the anxious spectators, the vicarious thrill of victory and the enthusiasm of stiff competition provided many enjoyable experiences. Both the players and bystanders owed a great deal of gratitude to the devoted coaching staff, who possessed the knowledge and understanding to see their teams through many difficulties. The student body was also indebted to the bank, the majorettes, the cheerleaders, and the managers, for their many hours of work to provide an efficient and worthwhile athletic season.

With the entire student body behind them, the Blair varsity football team achieved first place in the new Montgomery County League. The season started successfully with the Blair team downing Gaithersburg, Roosevelt, Walter Johnson, Bladensburg, and Sherwood, for a five-game winning streak. The football team took to a muddy field for their next game with Wheaton, but failed to come back in the second half, thereby dropping a 6-9 thriller. Then came the exciting Richard Montgomery challenge, and the team showed their dynamic comeback ability by out-fighting the opponents 14-7. After losing a non-league to Northwestern 0-7, the team proved themselves ready for the coming B-CC challenge by trouncing Northwood 40-0.

Excitement reached an all-time high as the Montgomery Blair Blazers charged onto the home field and proceeded to whip the Barons 25-7 in the final game. Mighty enthusiasm and soaring spirit enabled the Blazers to forge an admirable 8 win, 2 loss record. While the offensive team scored a total of 203 points this season, the tough defensive teams earned the respect and admiration of all by holding the opponents to a mere 37 points. The performance demonstrated by the football team left a high standard to be equalled next year.

This year the Junior Varsity Football Team swept all opposition aside and won the Montgomery County Junior Varsity Football Title. This was the first undefeated Junior Varsity team in Blair history. The success of Blair's fine Junior Varsity was attributed to the splendid coaching of Mr. Brockdorff and Mr. Fox who spent long hours developing a fine team. Having achieved an admirable 8-0-1 record, it appears as if the Junior Varsity will aid returning varsity veterans who plan to improve on this year's excellent record.

Blair Booters Boast Expert Defensive Team

With a 5-won, 4-lost, 1-tied record, the Blair Soccer Team finished with a respectable winning season. The Blair Booters displayed outstanding defensive ability this year by holding opponents to a mere 1.1 points per game, while scoring themselves an average of 1.8 points per game. Of particular interest and excitement were the two Blair-B-CC games in which Blair ran away with the first 4-1, and then out-defended the opponents in the second 1-0. No longer in the disbanded Bi-County League, the Blazers finished their thirty-second soccer season with a fine record and a promise of continuing their performance next year.

Cagers Retain Maryland Class AA Title

With a 19 win-3 loss season, the Montgomery Blair Varsity Basketball Team captured the Class AA Maryland State Championship Title for the second year in a row. Their outstanding defense enabled their opponents in the Montgomery County League to score only an average of 45.3 points per game, and they demonstrated their effective offense in the South Hagerstown game, in which their 87 points broke Blair's record.

The Blazers began the Basketball season with 15 straight victories, crushing area opponents by sizable margins. After the strong St. Johns Team stopped the Blair line of victories, the Blazers went on to overpower B-CC and Northwood. Although their last two games resulted in defeats, the performances on the Maryland University courts demonstrated to all that the Blazers were unquestionably the best in the State of Maryland. Two of Blair's cagers were nominated for the second All-Montgomery County Team, and one Blazer was selected for the All-Metropolitan Team.

For years to come, the 1962 Maryland State Championship trophy will remind future Blairites of the achievement of the fifteen boys on the Basketball Squad this year. The spirit and enthusiasm of the season, the thrill of watching precise teamwork, the satisfaction of earning that trophy, will always be remembered by those students of Blair 1961-62.

The Blazer Junior Varsity Basketball Team achieved an admirable 12-won, 4-lost record this season. The team began the year by downing Kenwood, and then dropped one to Wheaton. The J.V. outscored Richard Montgomery next, and defeated Kenwood again. After beating Gaithersburg, the Junior Blazers lost to B-CC and to Northwood in an overtime score of 51-53. These two losses spurred the team on, and Blair trounced Gonzaga 45-53, Walter Johnson 42-41,

and Wheaton 49-40. Our 42-22 victory over Sherwood continued the winning streak. After taking Richard Montgomery again, Blair defeated the B-CC and Northwood teams, to whom Blair had previously lost. Blair's victory over the Mackin team completed the season. The Varsity Basketball coaches eagerly look forward to next year when members of the J.V. will add power to the Varsity Squad.

Several New Records Set by 1962 Track Team

Striving for their third state championship, the Blair track team underwent a vigorous training program. After school each day, the fifty boys attempted to perfect their form, speed, endurance, and coordination. New records were set in the 880-yard run, the high jump, and the pole vaulting events. After starting the season by trouncing Gonzaga, Blair proceeded to provide stiff competition for all area teams. They defeated Northwestern, High Point, St. Albans, Walter Johnson, and South Hagerstown, and placed in many events at the state meet in Frederick at the end of May. Although many of the best trackmen were seniors, the prospect for the 1963 season seemed favorable.

Varsity Baseball

Varsity Baseball was an important spring sport for students at Blair. The twenty-three team members were chosen on the basis of competence in the sport, cooperation with the coaches, and a general interest in the game. This season the team was outstanding in the centerfield, shortstop, pitching, and catching positions. Through three months of diligent effort, the team compiled an admirable record.

500 Girls Participate in Sports Program

HONEY VILLALON demonstrates proper body alignment to a senior girls' gym class.

This year over five hundred girls participated in the extensive Blair girls' sports program. In Physical Education classes, the girls not only learned fundamental skills of games but also developed a strong sense of fair play and leadership ability. Blair's Physical Education Department offered health and hygiene courses, as well as teaching the techniques for mastering such activities as golf, hockey, archery and basketball. The Physical Education Department sponsored several special activities and clubs. On the annual Sports Day, an exciting event, girls from several high schools met to participate in various athletic games. After school the Girls' Sports Association held intramurals, where girls received points for participation in their favorite games. A specific number of points earned girls the G.S.A. diamonds, Blair shields, Blair "B's," and gold cups. The Junior Majors, established by Physical Education teachers, existed to assist girls planning careers in physical education. A group of sports-minded Blair girls organized the Girls' Planning Committee that worked with teachers to plan interesting and beneficial athletic courses. Through all phases of the girls' sports program at Blair, students and teachers worked together to gain a greater knowledge of skills in physical education.

Perhaps the greatest satisfaction and joy to any person, regardless of age, is to possess friends. Friendship is that intangible quality so essential to a happy life. Without friendship most of the beauty and true meaning of living are gone.

Montgomery Blair is a school which offers to each student twenty-five hundred potential friendships. The large student body provides innumerable chances to meet new people and make lasting acquaintances.

As the bond is an important part of the Montgomery Blair Seal, so is friendship an essential part of Blair life. At Blair, a friendly atmosphere is maintained where students develop a deep appreciation of their fellow beings.

The Bond:

Symbol of Friendship

In order to provide a variety of activities in which students could develop every facet of their personality, Montgomery Blair sponsored several special events during the 1961-62 school year. The enjoyment of participation in the Annual Show and the Senior Play, the high-spirited enthusiasm of Homecoming and the Christmas Formal, and the knowledge gained from the Science Fair, marked true highlights of a high school career. In years to come, when students recall their years at Blair, those who worked on these activities will remember the satisfaction of performing a task successfully, and those who were spectators will call to mind the pleasure of watching excellent productions.

Homecoming weekend was perhaps the most exciting activity of the entire year. Although the highlight of the two days was the Blazers' crushing victory over the Barons, the other events helped make what was truly a memorable weekend.

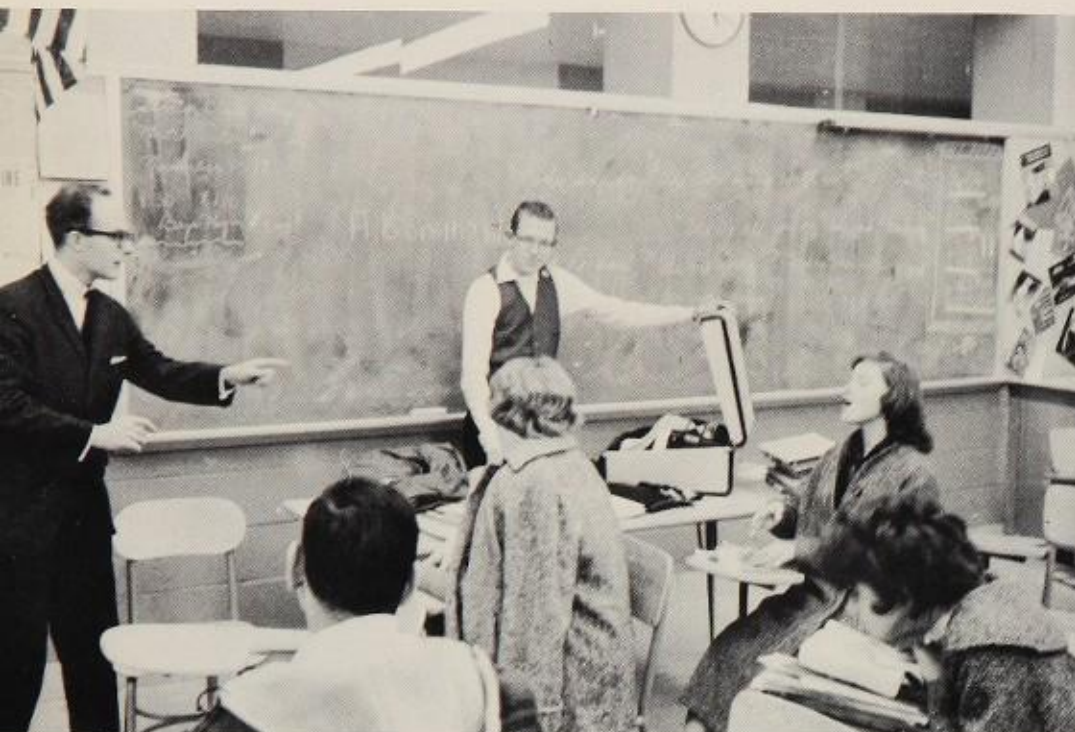

The activities began on Friday afternoon with the Pep Assembly. The sight of slightly knock-kneed senior boys cheering the mock football players had everyone laughing for hours. That night, after the bonfire had snapped and crackled itself down to ashes, many Blair students hurried to the gym for a sock-hop. Meanwhile, loyal members of almost every school organization spent the night furiously nailing, painting,

and pasting to complete their floats for the parade. The next morning, after the gayly decorated floats and the Blair band had wound their way through Silver Spring, the traditional Alumni Tea was held in the library. That afternoon the Blair stadium shook with cheers as the Blazers ran away with a tremendous 25-7 victory. By defeating the Barons, the Blazers captured the coveted county championship. In the evening, at the formal, which was held in the gym decorated as the *Fontaine Bleu*, Blairites danced out the closing hours of what had been the best Blair Homecoming for many years.

Seniors Present Wilder's *Matchmaker*

CAST

IN ORDER OF APPEARANCE: Horace Vandergilder (Ace Warren); Ambrose Kemper (Larry Heller); Joe Scanlon (John Arens); Gertrude (Marcia Eiduson); Cornelius Hackl (John Selby); Ermengarde (RoseMary Leventhal); Malachi Stack (Alan Lehrman); Mrs. Levi (Judy Margolis); Barnaby Tucker (Bill Silverman); Mrs. Molloy (Donna Beach); Minnie Fay (Margaret Hall); Cabman (James Thompson); Rudolf (Mickey Roy); Musician (Ernest Meekham); August (George Banville); Miss Flora Van Huysen (Roberta Laney); Cook (Ethelwyn Soper).

CORNELIUS HACKL (John Selby) and Barnaby Tucker (Bill Silverman) meet a woman, Mrs. Molloy (Donna Beach), for the first time in their lives "equal to equal."

This year the senior class presented its version of Thornton Wilder's *The Matchmaker*, directed by Mr. Gattnig.

The story, taking place during the early eighteenth-century, is a farce in four acts. Mrs. Levi, a truly cunning woman, sets her trap for the wealthy, evasive Horace Vandergilder. But, before the trap is finally sprung, she succeeds in not only arranging marriages for two other couples, but also in upsetting the lives of all who come in contact with her.

Each night, from the dimming of the lights before the first act to the last curtain call, the audience was captivated by the rollicking performance.

MRS. LEVI (Judy Margolis) rejects Mr. Vandergilder's (Ace Warren) proposal of marriage for the moment, protesting that he is only interested in money.

CATHY FONDREN SMILES radiantly after being crowned Christmas Queen by Betty Jones, last year's reigning beauty.

The Christmas Formal highlighted Blair's holiday season. While the French Club served refreshments in the continental atmosphere of a French Cafe, the Christmas Queen reigned over her court, and gay Blairites danced to the tune of *Silver Bells*.

IN THE FRENCH CAFE, Larry Glick reads the lines of fate and fortune in Emmy Lou Moke's palm as Bill Miller looks on, intrigued by the prediction.

CHRISTMAS

Silver Bells Ring in Holiday Season

THE ENTIRE CHRISTMAS COURT is presented at the Formal: Donna Beach, Cindy Commander, Debby Davis, Cathy Fondren, Bonny Williams, Neely Holmead, and Emmy Lou Moke.

LI'L ABNER (Frank Cummings) and his cronies take it easy down by the fishing hole and sing wistfully how they "druther have their druthers."

INSIDE GENERAL BULLMOOSE'S office, Pappy Yokum (Stanley Greenberg), Mammy Yokum (Sherry Michaelson), and Daisy Mae (Carol Curran) plan Li'l Abner's rescue.

UNDER THE INFLUENCE of Evil Eye Fleagle's reflected truth whammy, General Bullmoose (Leonard Levin) is forced by Mammy Yokum (Sherry Michaelson) to reveal his plot against Li'l Abner.

ANNUAL SHOW

400 Make "Li'l Abner"

This year Blairites, teachers, and members of the Silver Spring community viewed the saga of the most unnecessary town in America—Dogpatch, U.S.A. With a cast and production staff of over four hundred students, the Annual Show, *Li'l Abner*, directed by Mr. Richard T. Pioli, was a box-office sellout for three nights.

The musical, based on Al Capp's comic strip, recreates the story of Daisy Mae's efforts to catch Li'l Abner in the Sadie Hawkins' Day Race. Her plans are halted when the citizens of Dogpatch learn that their village is to be used as an atomic testing site. The attempts to prove to the government that Dogpatch is necessary and should be spared are retold in a number of hilarious episodes. When, however, it is discovered that the statue of Jubilation T. Cornpone, a Confederate soldier, is a national shrine, the town is saved.

The music, the acting, and the scenery of this production produced an annual show of professional caliber.

PAPPY YOKUM (Stanley Greenberg), Mammy Yokum (Sherry Michaelson), Earthquake McGoon (Jim Johnston), Daisy Mae (Carol Curran), and Li'l Abner (Frank Cummings) applaud the announcement that Dogpatch is the most unnecessary town in the entire United States.

MARRYIN' SAM (Allen Music) explains to Dogpatchers that their hero, Jubilation T. Cornpone, was "first in war, first in peace, first to holler 'I quit!'."

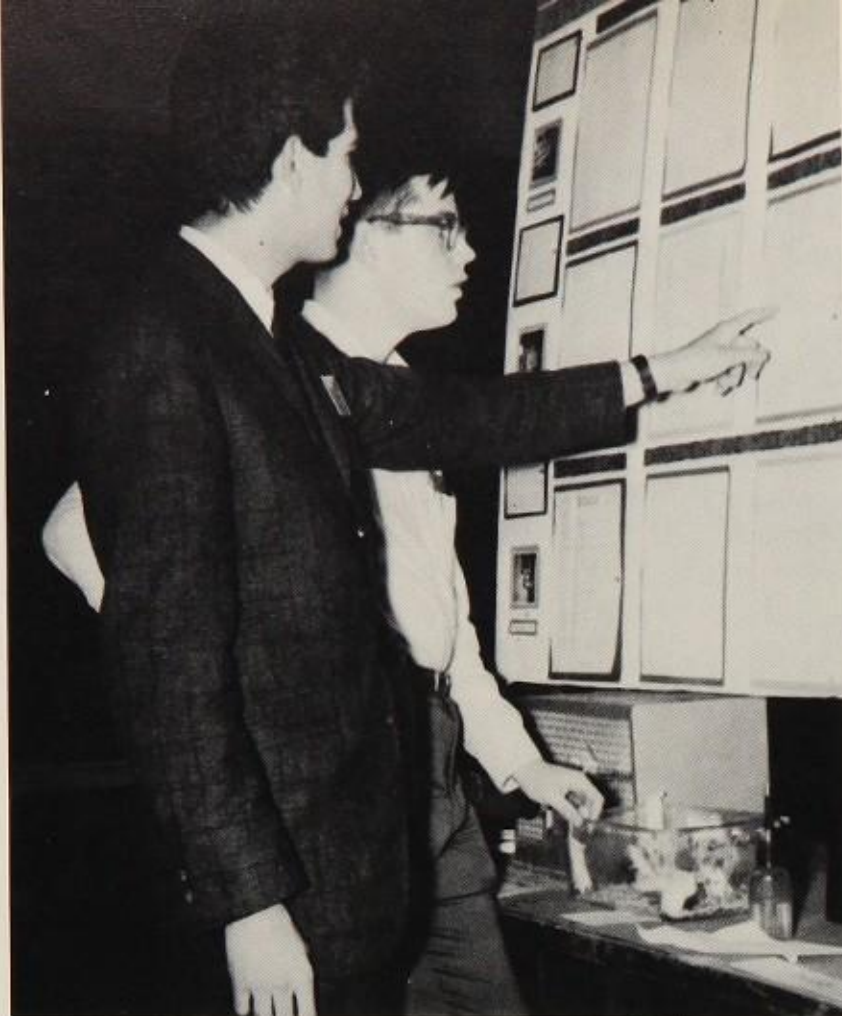

A Huge Success

DOGPATCHERS LISTEN EXCITEDLY as Marryin' Sam (not pictured) relates the exploits of Jubilation T. Cornpone.

WHEN HIS MARRIAGE TO Daisy Mae (Carol Curran) is abruptly halted, Li'l Abner (Frank Cummings) and his friends plead for a reprieve.

DAVID FROME, HARDWORKING chairman of the Blair Science Fair Committee, discusses a biology project with Alan Kirshen.

This year, over 120 projects, the results of months of experimentation and research on the part of scientifically-minded Blair students, were exhibited at Blair's Tenth Annual Science Fair. Evaluated by a committee of prominent educators and scientists on the basis of scientific thought, originality of concept, thoroughness, technical skill, and dramatic value, thirty-five of the displays were judged eligible for the Montgomery County Science Fair.

As in the past, the Blair Science Fair was administered by a committee of the Science Club; and it was through their efforts that so many students were given the opportunity to display their work.

JEFFREY ACKERSON, FIRST GRAND Prize Winner of the Blair Science Fair, explains the details of his project to Arthur Ogus, Larry Kaufman (Third Grand Prize Winners) and John Schnebly (Second Grand Prize Winner).

DAVE MACURDY, JEFFREY BLEVINS, and John Shalett examine one of the many excellent projects displayed at the Science Fair.

March Brings A Variety of Activities

Along with brisk breezes and the first hesitant signs of Spring, the March Lion blew in a whirlwind of activities and excitement for Blairites. After College Boards and the Merit Scholarship Exam, students cheered the Blazers on to their second consecutive State Basketball Championship. The Science Fair and Annual Show were quickly followed by a piano recital by a University of Maryland student, the American Field Service Assembly, the County Latin Scrabble Championship, a Spring Dance, and an Ugly Man Contest to benefit the *March of Dimes*. Then, before Blairites had a chance to catch their breath, the first forsythia blossoms and an April Fools' issue of *Silver Chips* announced that Spring and a dozen more events were on the way.

ECSTATIC, Miss Bratt receives a Blair jacket from Mr. Pugliese in recognition of the Montgomery County Latin Scrabble Championship.

LAURA GUALINO, BLAIR'S EXCHANGE student from Italy, tells about life in her own country during the American Field Service Assembly.

COACH MOFFATT PROUDLY RECEIVES the Maryland State Class AA trophy while Jack Townsend looks on.

From their first school day in September, sophomores became aware of the strong ties of friendship which bind Blair together. As their year progressed, the sophomores made new friends and formed a unified and well-functioning class. A year of hard work, brightened by frequent dances, sports activities, and other occasions, served to sharpen the academic expectations of these juniors-to-be.

ASSEMBLY-BOUND Juniors walk to one of Blair's many programs.

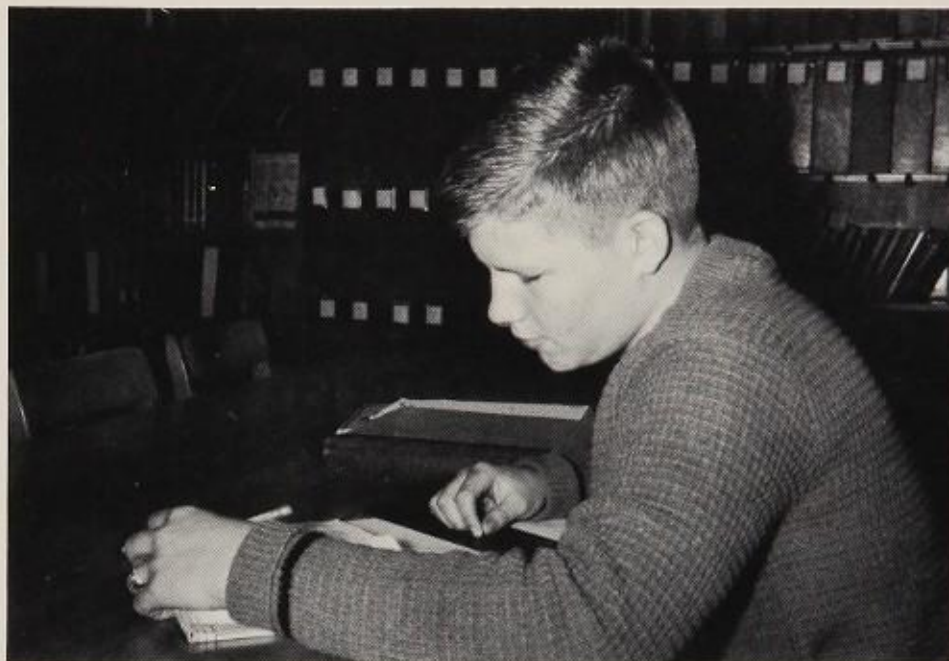

Juniors Prepare For Future Leadership

TO APPRECIATE form and beauty, Donna LeBlanc and Joanne Hart sketch "E" building.

PREPARING for a coming exam, Sue Singleton and Eric Meyers study Spanish.

TO LEARN American literature, John Schnebly reads intently in the library.

FLOATING ON "CLOUD NINE," James Craig dances with his date, Verneal Tibbs at the Homecoming formal.

MRS. ENRIGHT, Junior Class Sponsor, gives valuable advice to Laura Shiskin.

During their last year at Blair, seniors developed full realization of the school's purpose and ideals. Each senior sensed the promising future opened to him by his education and appreciated the many concerned people who made his search for knowledge more worthwhile.

A note of sorrow transcends departure from Blair but the anticipation of future opportunities filled the senior year with high excitement.

Senior Class

MR. SHAW'S MESSAGE

To the Class of 1962:

The Administration and Faculty of Montgomery Blair congratulate this year's graduating class.

During your three years here you have lived up to the ideals and traditions which make Blair more than brick buildings and books. Through enthusiasm, intelligence, and diligence, you have imparted the quality for which a school exists—education.

Because learning is a constant effort, an aim never to lose sight of, we sincerely hope that the learning experiences at Blair are a significant part of a lifetime of education.

Montgomery Blair is indeed proud to contribute to the citizenry of tomorrow the Class of 1962.

Best wishes,

Daryl W. Shaw

SENIOR CLASS OFFICERS—Front Row: David Barton (Pres.), Julian Rainwater (Vice-President), Cathy Fondren (Sec'y), Jayne Thornburgh (Treas.).

SENIOR HOMEROOM REPRESENTATIVES—Front Row: H. McLaughlin, P. Edwards, T. A. Wingo, K. Larson, L. Collier. Second Row: R. Deckelbaum, J. Brady, J. Blatt, E. L. Moke, R. Laney. Back Row: J. Baisey, T. Wagner, T. Pulaski, J. Rainwater, C. Johnson.

SENIOR OFFICERS

Able Seniors Direct Activities

The four Senior Class Officers served on temporary committees for all senior activities. The officers worked on the Senior Class party, play, and prom, and organized a large part of the graduation ceremonies. The Senior Representative Assembly, acting as an advisory board to the Student Council, worked to improve student participation in the Council. The Senior Class elected five members-at-large to the Student Council who worked through the homerooms to inform seniors of the activities and accomplishments of the council. These seniors leaders were instrumental in making the senior year at Blair truly unique.

SENIOR STUDENT COUNCIL MEMBERS-AT-LARGE—Front Row: Cindy Commander, Bill Leibovici, Pat McGuckian, Bill Miller, Don Robertson.

AFTER TWO years of sitting uncomfortably in the bleachers, seniors enjoy an assembly from the chairs.

Seniors Enjoy Privileges

AFTER SEVERAL months of anxious waiting, seniors receive their pictures at the school bank.

POSING HER at her most flattering position, Mr. Zamsky takes Diane Protos' Senior Pictures.

MARY ANNE BUCCICO orders her Senior Pictures from the Zamsky representative in November.

Exciting Occasions Climax Senior Year

THE JUNE GRADUATION brings nostalgic memories to all departing seniors.

ON THE EVENING of the Senior Prom, Cindy Commander looks pleased with the corsage given to her by Bill Leibovici.

TOMMY CROSSWHITE proudly accepts the award Coach Good gives him for his participation on the football squad.

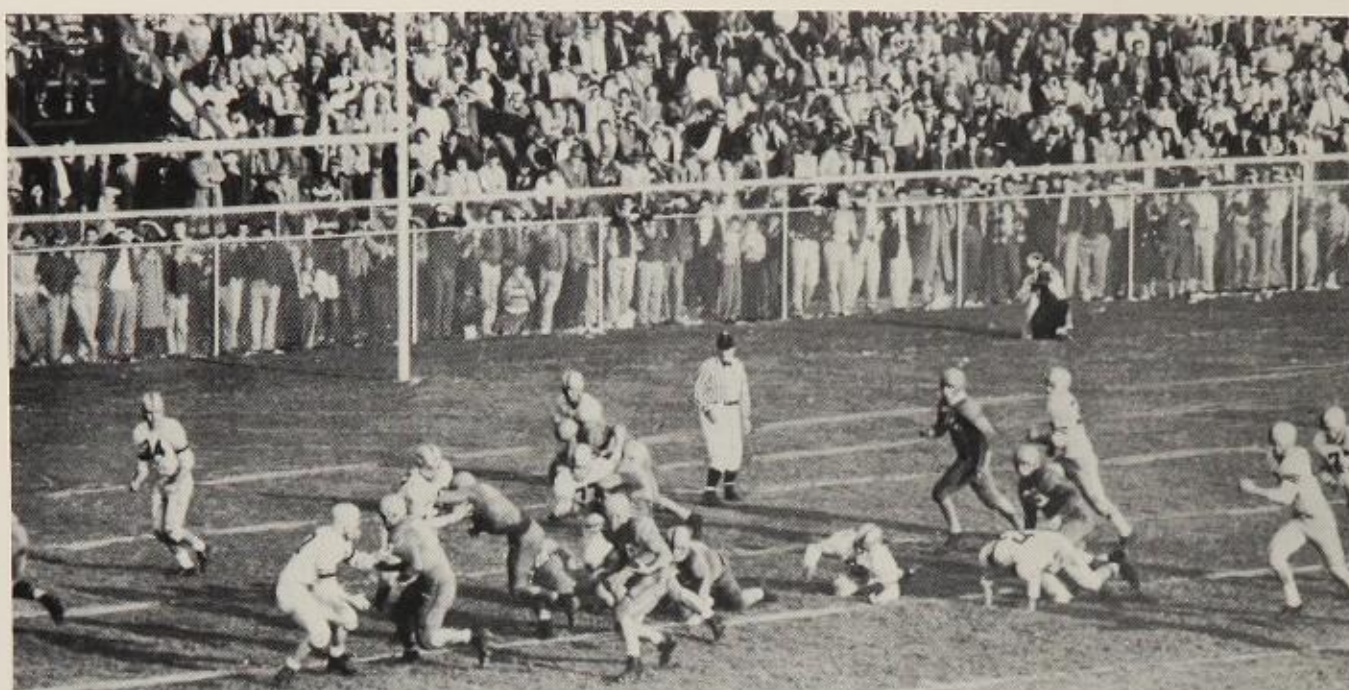

PUBLICIZING THE Senior Class Party, *Hillbilly Hideaway*, Tom Norris, Bill Miller, Tom Wilson, and Steve Mintz reveal their "hick" personalities.

The bond between Montgomery Blair and the Silver Spring business community was strong. Through the years, commercial establishments have contributed to the support of **SILVERLOGUE**, *Silver Chips*, the Annual Show, and many other Blair activities. Blair, in turn, has trained young people to assume the responsibilities of citizenship, and to take their place in the future business world. This mutual association has existed over the years for the benefit of both the student body and the Silver Spring community.

The Closing Message

Thus comes to a close this year at Blair. We on the **SILVERLOGUE** staff hope this book and its messages will serve all students as a lasting reminder of Blair 1961-1962.

This year the seal was our theme. The seal represents each segment of Blair—the faculty, honors, organizations, sports, and most of all, the students. The yearbook emphasized these elements in the appropriate section. However, one element not singled out for a particular section, yet perhaps most important of all, is the motto—"Crescens Scientia"—translated, "Rising Knowledge."

"Crescens Scientia" is a quality all segments of

the school possess. Through learning, participation, and friendship, Blairites achieved "Rising Knowledge." This motto aptly reflects the entire life at Blair. By increasing our knowledge, our minds and characters have been strengthened.

As the seniors leave, juniors progress to positions of leadership, and the sophomores go on to gain a deeper appreciation of Blair, **SILVERLOGUE** wishes that this motto—"Crescens Scientia"—be a continuous goal to all students. By rising knowledge, a true enjoyment and a deep appreciation of life will be yours.
